INDUSTRY

Ecmanage is suitable to many applications and various markets. For instance, we supply to target groups such as:

- Manufacturers/suppliers of corporate clothing/workwear
- Technical wholesalers
- Transportation
- Central authorities
- Offshore
- Security companies

And many more ...

ADVANTAGES FOR INDUSTRIES

Such markets and users can effortlessly take their services to a new level with the aid of Ecmanage. Specific advantages for these markets include:

- Adding an unlimited amount of customers with a personal user environment and one's own corporate identity
- Reducing internal hidden costs
- The possibility of integrations with ERP-systems

We apply the same conditions for manufacturers and suppliers of workwear. Technical wholesalers can improve

- Periodical inspection of tools and personal protective equipment
- Organization of personal equipment in commercial vehicles (technicians / installers)
- Personal items
